

Task of the day

Maths:

Year 3 – I know we've touched on rounding before, but I would like us to look at it again today.

BBC Bitesize clip:

<https://www.bbc.co.uk/bitesize/topics/zh8dmp3/articles/zpx2qty>

Please complete both tasks into your exercise books. On the second task, I've given you an example of how it could look.

Year 4 – Grid method is something we've done not too long ago; however, it is a core skill for us to continue revising. Look at the learning reminders, complete the mini tasks and then choose how confident you are to complete either the first or second task (if you wish, you can do both tasks)

English:

We're going to slightly mix things up this week as I want our writing to be the main focus. I'm giving you a cold task today and would like you to write a story using the picture for inspiration.

Try to keep the length of your writing to a page but you can do a bit more if you choose to.

Cold task – Year 3 & 4

Use this picture to write a fantasy story. It should not be longer than a page. Be as creative and descriptive as you can.
