

English

As readers and writers we will ...

- improve our comprehension skills in guided reading sessions
- learn spelling rules and apply these in our writing
- work on our knowledge and understanding of the parts of speech
- plan, write and perform a poem
- plan, write and make a recipe

Music

As musicians we will ...

- Learn about the composer John Williams and his work
- Sing harvest songs

Art/D&T

- Sewing
- Relief printing

Spanish (taught by Mrs V. Sanders)

As foreign language learners we will ...
focus on greetings, instruction and numbers (1-31)

Maths

As mathematicians we will ...

- Review and consolidate our knowledge and understanding of place value
- Learn to use a written method for addition and subtraction
- Do mathematical investigations
- Work hard on the quick recall of the multiplication facts of the times tables and their related division facts

Foxton Primary School

Class 3 - Curriculum Map

Autumn Term 2019 – Half Term 1

RE - Christianity

In RE we will read the Biblical account of creation and investigate the importance of this story for Christians.

PSHE (taught by Mrs Davies)

Beginning and belonging

Geography

As geographers we will ...

- locate the countries of the UK and their capital cities
- use an atlas to identify the regions and the counties of the UK
- learn about the difference between human features and physical features

Science – Sound

As scientists we will ...

- investigate how sounds are made
- begin to understand that we hear sounds when the vibrations travel from a source through a medium to our ears
- use this knowledge to recognise why sounds get fainter when you are further from the source of the sound
- ask and answer questions about the hearing of humans and other animals
- investigate sound-proof materials by planning and conducting a fair test
