

Year 1 LO – To know bonds

Write the addition number bonds to 10 ( $8 + 2 = 10$ ) and then write the subtraction bonds. ( $10 - 2 = 8$ ) You will always start with 10 -

For a challenge try the bonds to 20.

Year 2 LO – To know addition and subtraction number families

Draw a number family triangle and write the addition number families for these missing number sentences. You will need to solve the number sentence first.

$$6 + ? = 20$$

$$9 + 23 = ?$$

$$? + 18 = 30$$

$$15 + 45 = ?$$
